The Microclimate DataBase (MDB) data control

Processing data: 2025-08-22

File identifier: bcbca89a902f7af45ab1d98a7ba1249e044ba521742f93526ba791caa5425ee2

BEXIS Upload: Data control PASS

Dataset summary

Number of experiments: 1

Number of sites: 6

Number of rows: 6

Habitats: 3

Data owners

Owners: Alicia Montesinos-Navarro

Emails: ali.montesinos@gmail.com

Affilations: Centro de Investigaciones sobre Desertificación (CSIC-UV)

ORCID: NA

Data summary

Site spatial distribution

.

Blue cursors indicate your sensors location

Biome distribution

.

Blue cursors indicate your sensors location
Sensor type

Type of sensors in the dataset.

Sensor height

.

Positive values for aboveground sensors and negative for belowground!

Time series

.

Sensors time series distribution.

Errors
